

Complete Fencing Solutions

TRUSTGRID INDUSTRIES is a trusted name in fencing and perimeter security solutions. Founded in 2014 as Trishla Electrical Solutions, we expanded our expertise in security, solar, and automation services before establishing our own manufacturing facility in 2020 under Trust Fence and Security. Today, as TRUSTGRID INDUSTRIES, we deliver high-quality fencing, perimeter security, and infrastructure protection solutions for residential, commercial, industrial, agricultural, and forest applications.

With advanced manufacturing facilities, experienced engineers, and partnerships with leading wire brands like Tata and Bansal, we ensure durable products, precision manufacturing, and reliable installation services to secure premises of every scale.
